## spells

**Target:** the target number used for casting the spell. If “(R)” appears after the target number, the spell is resisted by the target. If a number in brackets ( ) following an “Object Resistance” notation indicates the typical target number (at the gamemaster’s discretion). “See p. 192, SR3” refers to the Detection Spell Target Number table on page 192 of SR3; again, a number between brackets ( ) shows the suggested, typical target number. “(V)” after the target number indicates the spell requires a voluntary subject.

**Duration:** Instant, Sustained, or Permanent. The latter has the time it must be sustained in brackets after it—e.g. Permanent (10 turns). If there is no sustaining time given, such as for spells with a variable Drain Level, check SR3 page 178 instead.

**Range:** the range at which the spell operates: Touch, Line Of Sight (LOS), or Self. An “(A)” notation after the range indicates it is an areaeffect or area sense spell, while “(E)” indicates an extended area or extended sense spell; for Detection spells, there is a further indication: if the letter “D” appears in the notation, the spell is directional.

## COMBAT SPELLS

Name	Type	Target	Duration	Range	Drain
Flying Ball	Physical	Body (R)	Instant	LOS	+1D
Force Drain	Mana	2 × Force (R)	Instant	LOS	S
Tire Wrecker	Physical	Object Resistance (8) + ½ armor	Instant	LOS	+1S
